# POLYBLUE GARBAGE BAGS

PolyBLUE is despite its name one of our “greenest” garbage bags, made from 100 % recollected and recycled polyethylene. PolyBLUE is branded with Der Blaue Engel – the first environmental certification in the world, founded i Germany in 1978. A certified great environmental choice. suitable for normal waste.

## Area of use

For normal waste

## Material

100% re-collected and recycled LD – polyethylene. A non hazardous smell can remain in the product from the recycling process – a solid proof that you made an excellent environmental choice.

## Packaging

On roll

## Recycling

Recycled as soft plastic or incinerated. The energy extracted during incineration can be used for heating.

Der Blaue Engel  Recycled  Sustainable Choice
