POLYCOEX REFUSE SACKS

Strong refuse sacks made of three layers colleced and recycled low density polyethylene. Suitable for heavy waste. Blue exterior and black interior.

Area of use

Suitable for rough, heavy and wet waste.

Material

Three-layers recycled LD-polyethylene

Packaging

Packaged in rolls

Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.

Recycled Sustainable Choice
