

REGENERATED FOIL

Grey / transparent foil delivered folded on a roll. The product is made exclusively of recycled plastic making it the best environmental option in the selection of cover films. Environmental foil may vary in color depending on the raw material composition.

Area of use

Effective protection against paint, dust and odors such as during construction and renovation, and contributes to a clean and structured environment.

Material

LD-polyethylene

Packaging

Packaged on roll

Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.

Recycled

Sustainable Choice

Art.nr	Size	Material	Thickness	Color	Quantity/rol	Quantity/ctn	Quantity/plt	EAN
