WASTE BAG WITH TIE HANDLE

30-liter tie handle waste bag in blue-dyed HD polyethylene. Perfect for most waste containers in households and offices.

Area of use

Waste bag with tie handle for waste management in households and offices

Material

HD-polyethylene

Packaging

On rolls

Recycling

Recycled as soft plastic or incineration. During combustion, only water and carbon dioxide are formed. The energy extracted during the process can be used for e.g. heating.
