HDPE SHEETS FOR TRANSPORT OF MEAT

Meat sheets made of thin high-density polyethylene. The material is dyed blue or pink for easier recognition. Practically packaged to be easily picked one at a time.

Area of use

For transport of meat

Material

HD-polyethylene

Packaging

Conveniently packaged to be easily picked up one by one

Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.

Food approved Sustainable Choice
