

SHOE COVER WITH ELASTIC

Blue shoe covers made of embossed CPE. The use of shoe covers is an effective way to protect carpets and floors and reduce the spread of dirt indoors.

Area of use

Protection of carpets and floors indoors. Excellent for waiting rooms.

Material

Embossed CPE (Chlorinated Polyethylene, a tough and durable variant of polyethylene).

Packaging

Packed in a cardboard box.

Recycling

Recycled as soft plastic or incineration. During combustion, only water and carbon dioxide are formed. The energy extracted during the process can be used for e.g. heating.
