

DISPOSABLE APRONS ON ROLL

Made of virgin low density polyethylene in various designs and colors. Supplied on a roll, in a dispenser carton or loose packed. Slides easily over the head and tied behind the back. Used in e.g. industry and healthcare.

Area of use

Protective gear for the industry and health care

Material

Virgin LD-polyethylene

Packaging

Packaged in cartons

Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.
