

PAPER SACKS 1-SHEET WET- STRENGTH KRAFT PAPER WITH INNER PE SACK

Our wet waste sack has the same good properties as our standard paper sacks and can e.g. stand for oneself. In addition, it has a polyethylene inner sack which makes it an excellent choice for really wet and heavy waste. A favorite among craftsmen.

Area of use

Suitable for all types of waste

Material

1 sheet of wet-strength kraft paper with polyethylene bag

Packaging

Loose in bundle

Recycling

Classified as combustible. During combustion, only water and carbon dioxide are formed. The energy extracted during the process can be used for e.g. heating.
