

# POLYTUBE GARBAGE TUBE BAG

polyTUBE is a long plastic garbage tube where you decide the length of the bag yourself. Easily closed with a cable tie or a knot. Made of 3-layer coextruded HD polyethylene.

polyTUBE is available in two different sizes Small - Large and in two qualities Standard - Strong. To be used with our [holders](#) or similar ones

## Area of use

polyTUBE can be used in a variety of areas such as healthcare, food waste and cleaning.

## Material

3-layers COEX polyethylene

## Packaging

In cardboard box

## Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for heating.
