

# SAUNA FILM

Transparent film on rolls made of heat-resistant high-density polyethylene. Used as a vapor barrier in the sauna.

## Area of use

Vapor barrier in sauna

## Material

Heat-resistant high-density polyethylene

## Packaging

On roll

## Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.
