

NET STRETCH FILM MACHINE

AIR-O-FILM

Machine net stretch film made of flat extruded prima LLD-polyethylene. The net stretch film is suitable for wrapping of special goods requiring ventilation during transport, such as eggs and vegetables.

Area of use

Suitable for wrapping of special goods requiring ventilation

Material

Prima LLD-polyethylene

Packaging

Packaged on roll

Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.
