

# SEAT COVER FOR CARS

Seat cover for car seats, manufactured from virgin low density polyethylene. Supplied loosely packed or on a roll. A convenient protection against dirt that is easily slid over the seat. The covers on a roll can be hung up on racks for easier handling, see below.

## Area of use

Protection of car seats

## Material

Virgin LD-polythelyne

## Packaging

Supplied loose or on roll

## Recycling

Recycled as soft plastic or as incineration. The burning of the plastic forms only water and carbon dioxide. The energy that is extracted during the process can be used for example for warm-up.
